

REMARKS

A Restriction Requirement under 35 U.S.C. §121 was mailed on September 28, 2006 asserting that the application includes claims directed to the following species:

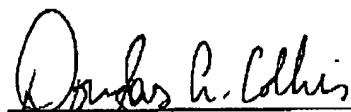

- A. Figures 1-6
- B. Figures 7-8
- C. Figures 9-10

Applicant hereby elects species A of Figures 1-6 without traverse. The Restriction Requirement indicates claims 1, 42 and 45 are generic.

Upon review of the claims, claims 1-41 read on species A and are entitled to examination in the present application. Upon further review, it appears the claims 42-44 are directed at least to species B and claims 45-48 are directed at least to species C. If the Examiner maintains the contention that claims 42 and 45 are generic, then claims 42 and 45 would be entitled to examination along with claims 1-41 directed to Species A.

Further consideration of the present application in view of the foregoing election is respectfully requested.

Respectfully submitted,

Douglas A. Collier, Reg. No. 43,556
